

MATCH THE SHARKS!

There are many different types or *species* of sharks in the world! Can you draw a line to match up the shark pictures with the correct shark species? Once you have done this, colour them in!

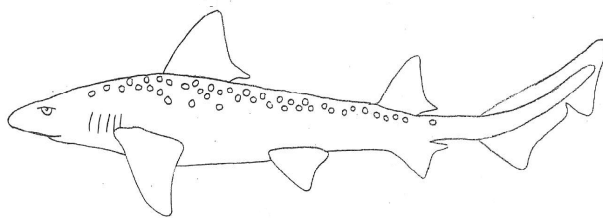

Starry Smooth-hound

Clue: I have a white spots on my back, like stars against a night sky!

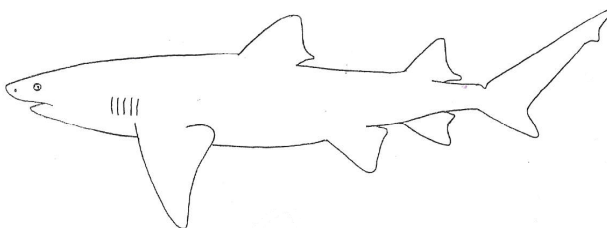

Lemon Shark

Clue: I have pale skin with no patterns.

Zebra Shark

Clue: I'm born with black and white stripes, but have spots when I grow up!

Nurse Shark

Clue: I have special flaps on my snout called *barbels*, which help me to find food.

Can you name this well known species of shark?
