

Choose to Refuse

Why we shouldn't use plastic bags

100,000
animals are
killed by
plastic
bags each
year!

1 trillion
bags are
used
every
year!

Turtles
mistake
them for
jellyfish.

160,000
plastic
bags are
used
globally
every
second!

Since the
5p bag
charge
Britain's
usage of
bags has
dropped
by 71%.

Side by
side plastic
bags could
circle the
earth 7
times.
