

Water Usage Action Plan

What are you going to do to reduce your school's climate impact from water?

E.g. put poster / signs in each classroom, share information with teachers and pupils, ask the Head Teacher to only send letter home via email.

What can you do to meet this target?

E.g. Create a presentation / video to share with the school community, ask the Head Teacher to purchase water saving devices.

What help will you need?

E.g. purchasing products, fixing leaks, making a video.

How will you know you've been successful?

E.g. less water will be being used / wasted on the next water usage audit.
